Centex Construction Company, Inc.  
2947 Gallows Road  
P. O. Box 427  
Merrifield, Virginia 22116

Subject: GS-11B-19066, Bid Package No. 2, Headquarters Building,  
CIA Headquarters Expansion, Langley, Virginia, Fit-Up  
Information and Scope Changes, Specification Section 01010,  
File CE #67

Gentlemen:

Reference is made to your letter of October 30, 1985 in connection with  
your drawing needs for the fit-up work.

Transmitted herewith are 30 prints each of the first and second floor  
fit-up drawings. These drawings have been bound-up into two sets,  
one set for the architectural work and one set for the mechanical and  
electrical work. We have also provided a sepia of each drawing for your  
use and record.

In addition, we are forwarding herewith certain information received from  
the A-E relative to "first and second floor scope changes". This information  
is titled:

I. First Floor Scope Change Narrative

- A. Architectural  
#1 through #8 (2 pages)  
Pages 1 and 2
- B. Mechanical  
#1 through #19 (2 pages)  
Pages 3 and 4
- C. Electrical  
#1 through #23 (5 pages)  
Pages 5, 6, 7, 8 and 9

II. Second Floor Scope Change Narrative

- A. Architectural  
#1 through #6 (1 page)  
Page 10
- B. Mechanical  
#1 through #24 (2 pages)  
Pages 11 and 12

Centex Construction Company, Inc.  
December 4, 1985  
Page 2

C. Electrical  
#1 through #23 (5 pages)  
Pages 13, 14, 15, 16 and 17

III. First Floor Fit-Up Drawing List  
Architectural, Mechanical, and Electrical Drawings (as listed)  
Page 18 (1 page)

IV. Second Floor Fit-Up Drawing List  
Architectural, Mechanical, and Electrical Drawings (as listed)  
Page 19 (1 page)

This narrative information is to be utilized in conjunction with the fit-up drawings for the first and second floors, and we believe that at that time the usefulness of the narrative will be better understood and appreciated. It is also my understanding that the narrative describes changes to the base contract work, i.e. space that is now base contract work only becomes fit-up space and vice versa.

Obviously, these changes in space use will necessitate change orders which will be the subject of future correspondence. In the interim, we would appreciate your comments and your cooperation so that we might obviate or minimize the need to remove any in-place contract work and refinish the space as a fit-up space.

Sincerely,

  
Arthur J. Carlucci  
Project Manager  
Headquarters Expansion Project
